New Building Information

WINDY HILLS LAVENDER FARM TRIP

On June 14th, we took a trip to the Windy Hills Lavender Farm in Heber! Each person painted a vase to take home!

We have a **new menu cycle** for July-December! We sent out congregate and meals-on-wheels surveys in May, and will be trying some new meals based on the feedback we received as well as what our state-certified nutritionist recommends to fit state guidelines.

RSVP for lunch with us and tell us what you think!

We have bought an **11,800 square foot commercial building** in Payson located at 100 N Tonto Street. Depending on the current tenant leases, we still have some things to do before we move in...

BUT! We are one huge step closer to a new building!

If you would like more solid information about the building, we will be discussing the new building at the next **Site Council Meeting on July 11th** and at the **Annual Member Meeting on July 27th** (RSVP info below)

Annual Member Meeting
